

# The French Circus School

French Incursions for Schools

We bring French to life through movement, play and circus skills giving students the opportunity to **practise French** in a fun, engaging and memorable way.

Practice French  
through play

Movement,  
creativity &  
confidence

Engaging  
experiences  
students remember

**Engaging.**  
**Interactive.**  
**In French.**

**We bring French to life  
through movement,  
participation and play**

At The French Circus School, students do not simply listen to French – they experience it actively through fun circus activities, movement and interaction.

Our incursions combine language, participation and creativity to create highly engaging learning experiences that complement existing French programs within schools.

Through activities such as juggling and spinning plates, students follow instructions in French while building confidence, coordination and engagement.

We deliver professionally managed incursions across Melbourne and Victoria, adapted to different year levels, school environments and group sizes.

# Why schools love it?

- Movement-based learning
- High student engagement
- Supports existing French programs
- Inclusive participation
- Adapted to different year levels
- Rated 5 on Google Reviews

## What schools are saying after the experience

**“A complete success. Students were fully engaged and genuinely excited to use their French — a fantastic, interactive learning experience. The French Circus School was exceptional.”**
